Curriculum Vitae

Personal information

First name / Surname

Eleonora Ciccotti

Address

Via Ortì della Farnesina 116, 00194, Rome, Italy

Telephone

Home: + 39 06 36304513

Mobile:

+ 39 334 6079886

Institute: + 39 06 72595969

Fax

+ 39 06 72595965

E-mail

ciccotti@uniroma2.it

Nationality

Italian

Date of birth

04/07/1961

Gender

Female

Occupational field

Biologist: research, education

Work experience

Date

2000-present

Occupation or position held

Senior Researcher (sector BIO/07: Ecology)

Main activities and responsibilities

Applied research in the field of aquatic ecology, fish ecology, fisheries (Collaborations and Scientific Responsible of Research Projects at the national level –Ministry of Research, Ministry of Agriculture, and international level)

Teaching: courses of Fisheries Biology and Aquaculture (First Level Laurea in Biological Sciences), Applied ecology (Second Level Laurea in Ecology, second level laurea in Biotechnology –in Italian and in english).

Training and tutoring of students for their thesis (First and second level Laurea) and tutoring of Ph D students in Ecology, Evolutionary Biology, Fisheries.

Name and address of employer

Università degli Studi di Roma “Tor Vergata”, via della Ricerca Scientifica snc, 00133, Rome, Italy

Date

1991-2000

Occupation or position held

Technician

Main activities and responsibilities

Responsible of management and research carried out at the experimental plant, Applied Ecology and Aquaculture Lab, Department of Biology

Name and address of employer

Università degli Studi di Roma “Tor Vergata”, via della Ricerca Scientifica snc, 00133, Rome, Italy

Date

1988-1998

Occupation or position held

Biologist, free lancer

Main activities and responsibilities

Biologist working within national and international (Europe, Africa) projects for aquaculture and fisheries development

Name and address of employer

A.GE.I., Soc. Coop. a.r.l. , via Carlo Emanuele 111, Rome, Italy

Education and training

Date

1980

Title of qualification awarded

Diploma di Maturità Classica

| | |
|--|---|
| Name and type of organisation providing education and training | Liceo Classico "Tito Lucrezio Caro" |
| Level in national or international classification | Secondary (High School) |
| Date | 1988 |
| Title of qualification awarded | <i>Laurea cum laude</i> - Biological Sciences |
| Name and type of organisation providing education and training | Università degli Studi di Roma "La Sapienza" |
| Level in national or international classification | Second level University degree |
| Personal skills and competences | |
| Mother tongue | Italian |
| Other languages | French, English |
| Self-assessment | |
| Language | French: C2 level in listening, reading, C2 in speaking and writing |
| Language | English: C2 level in listening, reading; C2 in speaking and writing. |
| Social skills and competences | In almost twenty years of professional activity, EC has developed: <ul style="list-style-type: none"> • Proven ability to co-operation in the scientific and professional field • Experience in interacting with public administrations and stakeholders • Good communication skills, both formal and informal • Experience in teaching both in academia and in other contexts • Ability to communicate in a multicultural context |
| Organisational skills and competences | Within the private and public professional life, EC has shown: <ul style="list-style-type: none"> • Ability to manage working groups (gained both in the professional context and the scientific context) • Ability to work in coordinated projects (research projects and / or public and private services) • Organizational skills in human resource management and logistics • Experience in drafting and management of research projects and service activities |
| Technical skills and competences | Routine skills in the use of laboratory equipment (balances, automatic burettes, fluorimeter, spectrophotometer, etc..), competence in microscopy, photography and video recording in analog format (including developing and printing) and digital use of field instrumentation (current meters, CTD probes, sensors and accessories, etc.). Established competence in field activities for limnology and marine biology (water samplings, phyto and zooplankton samplings, benthic samples collection, etc.). Established competence in the field of aquaculture of FW and eurhyaline species (breeders capture and maintenance, induced reproduction, larval rearing, fattening) Established competence in the field of fisheries (artisanal, rural and small scale inland, coastal and lagoon fisheries: fishing techniques, interactions with fishermen and Administrations, advising, data collection, resource assessment, socio-economical assessments). |
| Computer skills and competences | Established competence in the use of all applications in use for office needs and those of specialist use (CAD, computing, graphics, photo editing, video editing, etc..), data management (Excel, Access, Lotus) and statistical applications (PAST, Statistica, R-packages .), excellent knowledge of Microsoft Windows and MS-DOS, ability to develop Web sites and pages (Java applets and Javascript), interfacing and control of technical instrumentation. |

Other skills and competences

EC has participated as a ***fisheries expert*** in working groups of the Ministry of Agriculture, Food and Forestry (working groups "Specialist fisheries" "Anguilla anguilla fisheries"). She has coordinated the preparation of the Italian National Plan for Eel Management according to CE Regulation 1100/2008 establishing measures for the recovery of the eel stock. She is at present implementing the Modules on Eel Fisheries Data Collection according to CE Regulation 199/2008. She is at present following the implementation of the Eel National Management Plan in Italy, of some Eel Regional Plans (also through some projects of the EFF- European Fisheries Funds). She is also at present responsible for the eel stock evaluation to be performed as requested by article 9 of the Eel Regulation 1100/2008 in Italy (2012, 2013, 2014, 2015), on request of the Fisheries Directorate of the Italian Ministero delle Politiche Agricole Alimentari e Forestali.

She has participated, invited on several occasions by the European Commission, Directorate General Fisheries (Conservation Policy Unit - Management of stocks) or sent on behalf of the Italian Government, to meetings of Experts for the Control of Fishing, on the measures for the conservation of the eel, and the work of subgroups of STECF (Scientific, Technical and Economical Committee of the European Commission) and SGMED (Subgroup on Mediterranean, for the evaluation of the shared resources of the Mediterranean Sea Eel assessment SG) and FAO GFCM (General Fisheries Commission for the Mediterranean).

She has been nominated Italy National Focal Point in EIFAAC (European Inland Fisheries and Aquaculture Advisory Commission) since 2001.

She is National Correspondent for Italy within the ICES EIFAAC Working Group on Eel since 1997. To the ICES Working Group on Eel she has participated also as an eel expert, giving her contribution also to the evaluation of Eel Management Plans by ICES in 2008.

She is currently supporting the FAO General Fisheries Commission for the Mediterranean in the setting up of a Pilot Action for the Eel in the Mediterranean area, with the aim to establish a Regional Framework for the management of this shared resource at the regional level.

EC also has an established expertise in the field of organic agriculture gained in a family business that she manages for her family in Tuscany. Her competences deal with viticulture (grape growing, conventional and organic agriculture treatments, pruning, harvesting, wine preparation, winery management activities); olive culture (conventional and biological agriculture treatments, pruning, harvesting, olive oil preparation), agricultural enterprise management. This expertise she also spends in many collaborations on volunteer projects with ONG in Italy and abroad.

Annexes

Annex I: Research Projects participation and coordination (2009-2017)

Annex III: list of recent publications (2004-2017)

Annex I: Relevant Research Projects participation and coordination (2009-2017)

2009-2017 Data Collection Framework - Programma Nazionale di Raccolta Dati : raccolta, gestione e l'uso dei dati nel settore della pesca ai sensi del Reg. (CE) n. 199/2008 del Consiglio del 25 febbraio 2008

2014-2016 Responsabile scientifico del Progetto di Ricerca "Valutazione della funzionalità dei laghi costieri come siti di restituzione di riproduttori di specie ittiche eurialine, attraverso lo studio delle comunità ittiche e l'analisi della risposta ecosistemica alle pressioni ambientali"

Ministero delle Politiche Agricole Alimentari e Forestali - Dipartimento delle Filiere Agricole ed Agroalimentari - Direzione Generale per la Pesca Marittima e l'Acquacoltura - Area tematica A: Valutazione delle Risorse Biologiche - A3 – Piani di Gestione

2011-2014 Responsabile Scientifico del Progetto di ricerca "Valutazione dello stato della risorsa anguilla in Italia per il rapporto 2012 previsto dal Regolamento 1100/2007" Ministero delle Politiche Agricole Alimentari e Forestali - Dipartimento delle Filiere Agricole ed Agroalimentari - Direzione Generale per la Pesca Marittima e l'Acquacoltura - Area tematica A: Valutazione delle Risorse Biologiche

2011-2013 Data Collection Framework - Partecipazione al Programma Nazionale di Raccolta Dati : raccolta, gestione e l'uso dei dati nel settore della pesca ai sensi del Reg. (CE) n. 199/2008 del Consiglio del 25 febbraio 2008 Triennio 2011-2013

2009-2011 Responsabile Scientifico dell'Unità Operativa Tpr Vergata nell'ambito del di Ricerca Scientifica di Rilevante Interesse Nazionale (D.M. 19 marzo 2010 n. 51) PRIN - Anno 2009 "APPROCCI INTEGRATI ALLA VALUTAZIONE DELLO STATO ECOLOGICO E ALLA GESTIONE ALIEUTICA DEGLI ECOSISTEMI ACQUATICI DI TRANSIZIONE - Approccio ecosistemico alla gestione di ambienti lagunari: il caso delle lagune Pontine (Lazio, Italia)" (Ministero dell'Istruzione, dell'Università e della Ricerca).

2009-2010 Data Collection Framework - Partecipazione al Programma Nazionale di Raccolta Dati : raccolta, gestione e l'uso dei dati nel settore della pesca ai sensi del Reg. (CE) n. 199/2008 del Consiglio del 25 febbraio 2008 Biennio 2009-2010

2008-2009 Responsabile Scientifico del Progetto di ricerca "Indagine finalizzata alla costituzione di una base conoscitiva per l'elaborazione di un Piano di Gestione Nazionale della risorsa *Anguilla anguilla* - Unità Operativa 2 - Individuazione degli elementi distintivi per la elaborazione del piano, ai fini della gestione dello stock della specie e della sua conservazione" Ministero delle Politiche Agricole Alimentari e Forestali - Dipartimento delle Filiere Agricole ed Agroalimentari - Direzione Generale per la Pesca Marittima e l'Acquacoltura - Area tematica A: Valutazione delle Risorse Biologiche

Annex II: list of recent publications (2004-2017)

Papers on peer-reviewed journals

Capoccioni F., Contò M., Failla S., Cataudella S. & E. Ciccotti (2017). Fatty Acid Profiles of Migrating Female Silver Eel from Mediterranean Coastal Lagoons as Integrative Descriptors of Spawners Biological Quality. Submitted for publication to Estuarine, Coastal and Shelf Science.
